

**Date: July 12, 2021**

**Transitioning from COVID-19 Protocols to Communicable Disease Protcols**

Please respect each other's boundaries. We are all anxious and excited to get back to "normal" and shake someone's hand when you meet them or even give a hug, but not everyone's comfort level is the same. Please be sure to ask first!

Everyone's comfort level is different and we will be a community in various stages of vaccination, meaning not all of us will be fully vaccinated.

- We strongly recommend the use of non-medical mask in all common areas of the College.
- Continue to practise physical distancing
- Ensure that you are following gathering and room capacity guidelines
- Keep update on [UBC campus rules](#) and the [British Columbia's restart plan](#)
